RE: Meirowitz & Wasserberg April 2023 *In Extremis Group*
Trial Group Objections Response

Dear Special Master Goldstein:

Below please find the Meirowitz & Wasserberg response to the April 2023 *In Extremis* Trial Group Objections:

Gamarello, Paul (Mesothelioma)
Defendants object to the inclusion of this matter as plaintiff has failed to provide answers to interrogatories as well as authorizations for records as required for this matter to remain in the cluster. Defendants further object to the inclusion of this matter as plaintiff is a resident of New Jersey and has no apparent exposure or connection to New York City which would warrant inclusion in the In Extremis cluster.
RESPONSE: Plaintiff agrees to move this case to the October 2023 *In Extremis* group.

Thank you for your consideration. If you have any questions, please contact the undersigned.

Sincerely,

/s/ Perry L. Shusterman
