ORDER GRANTING PRELIMINARY DECLARATORY AND INJUNCTIVE RELIEF[1]

AND NOW, this 17 day of Dec, 2003, upon the Complaint for Declaratory and/or Injunctive Relief (the "Complaint"), the Motion for Temporary Restraining Order and for Preliminary Declaratory and/or Injunctive Relief (the "Motion"), the Memorandum of Law in Support of Motion for Temporary Restraining Order and for

[1] Capitalized terms used herein without definition shall have the meanings ascribed to them in the Uniform Glossary of Defined Terms for the Plan Documents attached as Exhibit A to the Disclosure Statement filed on December 16, 2003, which can be viewed at www.kbr-dresser-prepack.com.

Preliminary Declaratory and/or Injunctive Relief (the "Supporting Memorandum"), and the Affidavit of Albert O. Cornelison, Jr. in Support of Complaint for Declaratory and/or Injunctive Relief (the "Affidavit"), all of which were filed by Mid-Valley, Inc. ("Mid-Valley"), DII Industries, LLC ("DII Industries"), Kellogg, Brown & Root, Inc. ("KBR"), KBR Technical Services, Inc. ("KBR Technical"), Kellogg Brown & Root Engineering Corporation ("KBR Engineering"), Kellogg Brown & Root International, Inc., a Delaware corporation ("KBR International (Delaware)"), Kellogg Brown & Root International, Inc., a Panamanian corporation ("KBR International (Panama)"), and BPM Minerals, LLC ("BPM"), the debtors and debtors-in-possession herein in the above-captioned chapter 11 cases (each a "Debtor" and, collectively, the "Debtors"),[2] together with any responses thereto, and after notice and a hearing, this Court finds and concludes as follows:

A. The Debtors and, in particular, DII Industries and KBR, are defendants in a large number of asbestos-related and silica-related personal injury lawsuits across the United States. Since 1976, over 671,000 Asbestos PI Trust Claims and an increasing number of Silica PI Trust Claims have been filed against DII Industries, KBR, and certain of their affiliates seeking damages for injuries allegedly caused by exposure to asbestos or silica in products manufactured, used, or sold by subsidiaries and/or former divisions of DII Industries and/or predecessors to one or more Debtors, or contained in materials used in construction or maintenance projects of KBR or its subsidiaries. Predecessors of BPM are also defendants in a number of silica-related personal injury lawsuits pending in various parts of the United States.

[2] For the purposes of this Order, the term "Debtors" shall also include the list of alternative names and/or alleged alter egos of the Debtors set forth on Exhibit B hereto.

B. Halliburton and certain of its non-debtor subsidiaries and affiliates identified on Exhibit C hereto (the "Non-Debtor Halliburton Entities") have been either sued or threatened with suit either alone or with the Debtors by individual claimants alleging Asbestos PI Trust Claims or Silica PI Trust Claims including allegations of bodily injury from exposure to asbestos and/or silica in products manufactured, used, or sold by the Debtors or their predecessors.

C. The Debtor-Indemnified Protected Parties identified on Exhibit D hereto have been named or threatened as defendants by individual claimants alleging Asbestos PI Trust Claims or Silica PI Trust Claims including allegations of bodily injury from exposure to asbestos and/or silica as a result of alleged acts or omissions of the Debtors or their predecessors. The Debtors, in turn, are parties to contracts that obligate them to provide indemnification to the Debtor-Indemnified Protected Parties for such claims.

D. Exhibit A hereto is a list of the individuals who are known to be asserting Asbestos PI Trust Claims and Silica PI Trust Claims against the Non-Debtor Halliburton Entities and the Debtor-Indemnified Protected Parties that are currently pending before a trial or appellate court, which individuals have been named as the Defendants in this Adversary Proceeding. Exhibit A further identifies the attorney representing each such individual.

E. The Complaint and Motion seek, *inter alia*, (a) a declaratory judgment that the automatic stay imposed by 11 U.S.C. § 362(a) operates to stay present and future Asbestos PI Trust Claims and Silica PI Trust Claims against the Non-Debtor Halliburton Entities and the Debtor-Indemnified Protected Parties, or, in the alternative, (b) an injunction barring the commencement or continued prosecution of Asbestos PI Trust Claims and Silica PI Trust Claims

against the Non-Debtor Halliburton Entities and the Debtor-Indemnified Protected Parties during the pendency of these Reorganization Cases; (c) preliminary declaratory and/or injunctive relief staying and/or enjoining all Asbestos PI Trust Claims and Silica PI Trust Claims against the Non-Debtor Halliburton Entities and the Debtor-Indemnified Protected Parties during the pendency of the Reorganization Cases; and (d) a temporary restraining order staying and/or enjoining all Asbestos PI Trust Claims and Silica PI Trust Claims against the Non-Debtor Halliburton Entities and the Debtor-Indemnified Protected Parties pending a hearing on the Motion.

F. This Court has subject matter jurisdiction over this adversary proceeding pursuant to 28 U.S.C. §§ 157 and 1334.

G. This is a core proceeding within the meaning of 28 U.S.C. § 157(b).

H. Venue of this adversary proceeding is proper in this judicial district pursuant to 28 U.S.C. § 1409.

I. Under the "unusual circumstances" test set forth in A.H. Robins v. Piccinin, 788 F.2d 994 (4th Cir. 1986), and its progeny, the automatic stay of section 362(a) of the Bankruptcy Code extends to bar all present and future Asbestos PI Trust Claims and Silica PI Trust Claims asserted against the Non-Debtor Halliburton Entities and the Debtor-Indemnified Protected Parties.

J. Without the declaratory and injunctive relief sought herein, the Debtors would suffer the following irreparable harm:

(1) the Asbestos PI Trust Claims and Silica PI Trust Claims asserted against the Non-Debtor Halliburton Entities and the Debtor-Indemnified Protected Parties are inextricably intertwined with claims asserted against the Debtors, such that the adverse adjudication of such claims against the Non-Debtor Halliburton Entities and/or the Debtor-Indemnified Protected Parties could subject the Debtors to the risk of collateral estoppel or other evidentiary prejudice that would impair the Debtors' ability to contest or limit the Asbestos PI Trust Claims and Silica PI Trust that precipitated the filing of the Reorganization Cases, and undermine the reorganization of the Debtors and the implementation of a successful section 524(g) plan and trust;

(2) the Asbestos PI Trust Claims and Silica PI Trust Claims will likely have an impact on the ability of the Non-Debtor Halliburton Entities to assist and participate meaningfully in the Debtors' Plan by diverting the personnel and financial resources of the Non-Debtor Halliburton Entities and affecting their ability to secure the necessary funding for the Plan, which will also affect Harbison-Walker's ability to confirm its own plan, which relies on the assumption of Harbison-Walker Asbestos PI Trust Claims and Harbison-Walker Silica PI Trust Claims by the Asbestos PI Trust and the Silica PI Trust, respectively;

(3) the Asbestos PI Trust Claims and Silica PI Trust Claims against the Non-Debtor Halliburton Entities will require the Debtors' assistance in the handling and defense of certain of these claims; and

(4) the Asbestos PI Trust Claims and Silica PI Trust Claims against the Debtor-Indemnified Protected Parties will inevitably result in indemnification claims against the Debtors for defense costs and any adverse judgments or settlements, and such claims would

reduce the assets of the Debtors' Estates available for distribution to holders of other valid claims;

(5) a number of Asbestos PI Trust Claims and Silica PI Trust Claims are scheduled to go to trial against the Non-Debtor Halliburton Entities and/or the Debtor-Indemnified Protected Parties within the next sixty days.

K. Given the overwhelming support that the Debtors have already received for their Plan, they are substantially likely to prevail upon the merits of their Complaint. The preliminary declaratory and/or injunctive relief requested by the Debtors will increase the likelihood of success on the merits, in the form of a prepackaged plan of reorganization that satisfies the requirements of sections 105, 524(g), and 1129 of the Bankruptcy Code, and that will entitle the Non-Debtor Halliburton Entities and Debtor-Indemnified Protected Parties to the benefits of the Permanent Channeling Injunction.

L. The balance of harms strongly favors a stay of litigation, as requested by the Debtors. The declaratory and injunctive relief sought herein is temporary. The Complaint does not seek a permanent injunction, or a release of claims against the Non-Debtor Halliburton Entities or the Debtor-Indemnified Protected Parties. The temporary nature of this relief mitigates any burden or harm that would be imposed on the Defendants and other persons or entities who are pursuing or who may in the future pursue Asbestos PI Trust Claims and/or Silica PI Trust Claims against the Non-Debtor Halliburton Entities and/or the Debtor-Indemnified Protected Parties.

M. Granting this Order, as requested by the Debtors, will serve the public interest and is in the best interests of the Debtors, their Estates, their creditors, and other interested parties.

Based on the findings and conclusions set forth above, it is hereby ORDERED as follows:

1. The Debtors' request for preliminary declaratory and/or injunctive relief, as set forth in the Motion, is hereby GRANTED.

2. Preliminary declaratory and injunctive relief is hereby granted and directed to (i) the Defendants listed on Exhibit A to the Complaint, who are each attorneys for plaintiffs and/or plaintiffs in Asbestos PI Trust Claims and/or Silica PI Trust Claims against one or more of the Non-Debtor Halliburton Entities and/or the Debtor-Indemnified Protected Parties whose cases are currently pending before a trial or appellate court, as well as (ii) all other persons or entities who are alleging or may in the future seek to allege Asbestos PI Trust Claims and/or Silica PI Trust Claims against one or more of the Non-Debtor Halliburton Entities and/or the Debtor-Indemnified Protected Parties.

3. The commencement and/or continuation of Asbestos PI Trust Claims and Silica PI Trust Claims against the Non-Debtor Halliburton Entities and the Debtor-Indemnified Protected parties is hereby stayed, enjoined, and restrained, and all persons and entities, including, without limitation, the Defendants, are hereby stayed, enjoined, and restrained from commencing and/or continuing to prosecute any Asbestos PI Trust Claims or Silica PI Trust Claims against the Non-Debtor Halliburton Entities or the Debtor-Indemnified Protected Parties pending a final hearing on the Debtors' Complaint, including, without limitation: (i) the pursuit

of discovery from the Non-Debtor Halliburton Entities or the Debtor-Indemnified Protected Parties or from any of their directors, officers, or employees; (ii) the enforcement of any discovery order heretofore issued in connection with the pursuit of any Asbestos PI Trust Claims or Silica PI Trust Claims against the Non-Debtor Halliburton Entities or the Debtor-Indemnified Protected Parties; and (iii) further motions practice in connection with the pursuit of any Asbestos PI Trust Claims or Silica PI Trust Claims against the Non-Debtor Halliburton Entities or the Debtor-Indemnified Protected Parties, until this Court enters an Order deciding whether to grant the Debtors' requests for preliminary declaratory and/or injunctive relief, as set forth in the Motion.

4. Any and all applicable statutes of limitations or other legal or equitable time-related defenses (whether statutory, contractual, at common law, or otherwise) of the Debtors, the Non-Debtor Halliburton Entities, or the Debtor-Indemnified Protected Parties concerning any right, cause of action, or claim related to Asbestos PI Trust Claims or Silica PI Trust Claims, whether direct or derivative, which exist now or may exist in the future against the Debtors, the Non-Debtor Halliburton Entities, or the Debtor-Indemnified Protected parties, are hereby tolled and extended as to the Defendants in this adversary proceeding and all other persons or entities who may assert Asbestos PI Trust Claims or Silica PI Trust Claims against the Debtors, the Non-Debtor Halliburton Entities, or the Debtor-Indemnified Protected Parties in the future, from the date of entry of this Order, to and including thirty (30) days following dissolution of the preliminary injunction provided herein; provided, however, that any such claims or defenses as to which the statute of limitations or other legal or equitable time-related defenses expired prior to the entry of this Order are not tolled and the entry of this Order shall

not act to revive any such claim, cause of action, or defense that was time-barred or otherwise barred as of the entry of this Order.

5. If additional Non-Debtor Halliburton Entities or Debtor-Indemnified Protected Parties are named in Asbestos PI Trust Claims or Silica PI Trust Claims, it is the Court's intention to extend the stay and injunction to any such claims and entities and, thus, this Order is issued without prejudice to the Debtors' right to move this Court to extend this Order to include other entities not identified in the attached exhibits.

6. All further proceedings in this adversary action are stayed pending further Order of Court.

7. Any party subject to this Order may seek relief from any of the provisions of this Order for cause shown.

8. Notwithstanding anything to the contrary in this Order, any party may, without leave of court, take reasonable steps to perpetuate the testimony of any person subject to this Order who is dying and/or not expected to survive until trial. Appropriate notice of at least 5 days in advance must ⊛

9. The Debtors shall serve a copy of this Order on counsel for the Defendants and the United States Trustee within 5 days from entry of this Order.

Date: 12/17/03
Time: 12:25 pm
